Hello friends,

If you have been 'meaning to order and read' *Messenger: The Legacy of Mattie J.T. Stepanek and Heartsongs* (Mattie's private life story), NOW is a great time to do this. Here's why –

When Jeni Stepanek sat with Oprah Winfrey last week to honor her son as one of Oprah's top three most memorable guests, the book was held up by twice by Oprah and she called it 'a wonderful story.' For several days, the paperback version did great in sales. There is a chance the paperback may reach the NY Times Bestseller list this week, IF a good volume of sales continue for another day or two.

So if you have been meaning to read this book, yes, now is a great time. If you are looking for a graduation gift, this makes a truly inspirational one! If you would like to be a part of putting Mattie's life and legacy on the bestseller list, please help now.
